

The radio station K-LOVE serves my community in a very positive way.  
We finally have a radio station in town that plays music our whole family can listen to and sing along with.  
We can understand the lyrics to the music.  
The music and the lyrics builds up positive relationships in our family.  
The music and the lyrics builds up our community and our nation.  
The radio station is popular with my 11 year old daughter's friends and builds postive, encouraging relationships.  
K-LOVE provides national news that is appropriate for my children to hear.  
If K-LOVE were to be displaced in our community we would have no consistant radio station that played music our whole family would be able to listen to, sing to, and enjoy as a family.  
Thank you for listening to my concerns.

Sincerely,  
Laura, Hans, Karina and Hans Michael Antonsen
